FMCSA TO HOST FORUM AT TRB 91st ANNUAL MEETING

Tuesday, January 24, 2012

8 a.m. to noon

Time is getting short! One week from today the Federal Motor Carrier Safety Administration's (FMCSA) Office of Analysis, Research, and Technology (ART) is hosting a forum titled ***FMCSA's Analysis, Research, and Technology Program***. *The Forum is being held in conjunction with the Transportation Research Board's (TRB) 91st Annual Meeting and will take place on Tuesday, January 24, 2012, from 8 a.m. to noon, in Salon 3 at the Marriott Wardman Park Hotel, 2660 Woodley Road, NW, Washington, DC 20008.*

Topics to be covered include:

- The CMV Real World Experience with Onboard Safety Systems
- Estimating the Cost of CMV Crashes
- Impact of Driving, Non-Driving Work, and Rest Breaks on Driving Performance in CMV Operations
- UMTRI's CSA Operational Model Test Evaluation Report
- Large Truck Onboard Monitoring System Field Operational Test: Project Overview and Update
- Wireless Roadside Inspection Phase II Pilot Test Findings

The ART Forum is open to the public at no cost. Simply go to the **Marriott Wardman Park Hotel, 2660 Woodley Road, NW, Washington, DC 20008 - Salon 3** and sign in. If you plan to attend other sessions of the TRB Annual Meeting, you must register separately and pay a registration fee. To register for the TRB Annual Meeting, visit www.trb.org.

The 2012 ART Forum marks the 11th year FMCSA has sponsored this forum as part of the TRB Annual Meeting. Program evaluations have consistently given them high marks for the topics covered and the opportunity to network with the issue-area experts who presented them. Don't miss this year's forum which promises to rank equally high!
